

Hello my name is Sam

I first came to Rainbows in March I was

very poorly. I could not breathe and I was in

a lot of pain everywhere. I lost a lot of weight

and everyone was very worried about me. I was

very frightened. Doctor Sat talked to me and mum

and decided to try some different medicine. I was

very sick at first but then I felt much better. I

did music therapy with Neil and it made me very

happy and I was in control! Rainbows is good

because I can do lots of craft and eat lots of

Margarets pastel Bye for now from Sam
